

LOW VOLTAGE ESTIMATING & CONSULTING GROUP

EXPERIENCE • ACCURACY • RESULTS

ACCESS CONTROL | CCTV | STRUCTURED CABLING | ISP / NETWORK | LOW VOLTAGE INFRASTRUCTURE

LOW VOLTAGE EXPERTISE - FROM ESTIMATE TO CLOSEOUT

Helping contractors and integrators bid smarter, identify scope gaps, protect margins, and execute better projects.

WHO WE ARE

DAT provides professional estimating, project planning, operational and consulting services for the low-voltage and electronic security industry.

We evaluate the complete project - labor, materials, infrastructure, coordination requirements, project conditions, schedule and risk - not simply device counts.

WHY DAT?

- Real-world low-voltage experience
- Access control & CCTV expertise
- Practical labor and material estimating
- Scope-gap and risk identification
- Project-based, hourly and ongoing support
- Support without adding full-time overhead

LOW VOLTAGE ESTIMATING

- Complete project takeoffs
- Access control estimating
- CCTV / video surveillance estimating
- Structured cabling estimating
- ISP / network infrastructure estimating
- Intercom and entry-system estimating
- Low-voltage pathway and conduit estimating
- Equipment and material BOM development
- Labor-hour development
- Bid preparation and review

SCOPE & DRAWING REVIEW

- Construction drawing review
- Specification review
- Division 27 and Division 28 review
- Scope-gap identification
- Responsibility-matrix review
- Addendum review
- RFI development
- Value-engineering recommendations
- Constructability review

PROJECT & OPERATIONS CONSULTING

- Project startup and handoff
- Budget / cost-to-complete review
- Change-order review and pricing
- Schedule and manpower planning
- Procurement planning
- Project recovery and closeout
- WIP review and forecasting
- PM / field SOP development
- Project financial controls

TYPICAL DELIVERABLES

- Detailed estimate
- Material BOM
- Labor-hour breakdown
- Scope-of-work document
- Exclusions and clarifications
- RFI list
- Scope-gap report
- Change-order estimate
- Project risk assessment
- Executive project review

INDUSTRIES WE SUPPORT

MULTIFAMILY • COMMERCIAL • HOSPITALITY • INDUSTRIAL • HEALTHCARE • MIXED-USE DEVELOPMENT
